Columns, Posts & Portico Ranges

Simply the safest and most striking column and porticoes.

Engineered with the builder in mind

Every Stormking GRP Column and Portico has been designed to be easy and quick to install. Our in-house Technical Team has engineered our columns, posts and portico ranges with the builder in mind, as they are manufactured with modern lightweight materials and virtually maintenance free. All Stormking's columns, posts and porticoes are made to order, using modern manufacturing methods, to meet the customers specification.

Why Stormking?

- Stormking's Column and Portico ranges meet National House Building Council (NHBC) Technical Standards.
- All products are supported and maintained by our in-house design and technical teams.
- All Stormking's Column and Portico products are manufactured off-site saving you time onsite.
- Free site delivery.*

All Stormking Column and Portico products have been designed to be easily and quickly installed, compared to traditionally built and installed columns and portico canopies. Stormking Column and Porticoes have been designed for stable onsite handling and ease of installation, reducing the need for specialist equipment on-site. As all Stormking Column and Porticoes are manufactured off-site they benefit from a high level of quality and consistency, ensuring every column and portico is as easy to install as the first one. All Stormking Column and Porticoes are manufactured off-site and made-to-order, delivered when you need them, ensuring no materials are wasted, saving you time onsite.

Stormking provide 'recplas' posts in a variety of sizes and colours to match your development. Our standard colours include - Black / White / RAL 7015 / RAL 7016

For additional colours options, please contact sales@stormking.co.uk for more information.

Column and Portico Performance Features

Performance features

Stormking's range of column and portico provide the builder an all-in-one solution that cuts costs without compromising quality. Specialist engineering goes into each GRP column and portico. - ✔ GRP is virtually maintenance free, for full lifetime cost savings.
- ✔ Dry fit, requiring no specialist trades for installation for domestic or commercial projects.
- ✔ Porticoes are designed to include full structural frame, roof and rainwater outlet.

Columns, Posts & Porticoes

Stormking offers GRP design freedom

GRP provides the freedom to design the products you want, knowing that all products are made-to-manufacture and constructed in the UK to your specifications.

Stormking's Column and Portico products can be colour matched and material matched to realise your design in GRP, helping you to maximise your design freedom.

GRP porticoes allow for alternative supports to be used, such as trellis panels to give your entrance a unique style.

Stormking's in-house Design Team can assist with your project, to allow you to create the building component you need. Our friendly team are on hand to support you with specifying the best product for your development, including helping you to colour match your GRP reproduction column & portico.

Please contact sales@stormking.co.uk for more information on how we can assist you.

Columns, Posts & Porticoes

We are Stormking

Stormking is the leading brand of GRP building components to the house building and construction industry in the UK.

Stormking was founded in 1985 and has worked hard to become and maintain being the market leader through its range of market leading products, all manufactured off-site, to save you time on-site!

Customers can have extra confidence when placing an order with Stormking, being part of Epwin Group PLC, one of the UKs largest manufacturers of extruded building products.

Specifying Stormking products is made easier with the support of our in-house Design and Technical Teams, who can assist with any design related questions or queries. GRP is a modern manufacturing process, supported by state-of-the-art manufacturing and design technologies, providing design freedom to clients and customers.

Stormking incorporates over 500,000 sq ft of modern manufacturing methods, spread over 5 sites, which allows for large-scale manufacturing capacities.

Stormking holds several industry recognised accreditations. As the only GRP manufacturer to hold BBA certificates across its product portfolio, every product line is audited annually, ensuring our customers can be confident of receiving a quality product, every time.
