Door & Window Surrounds

Simply the easiest door & window surrounds to design and specify.

Engineered with the builder in mind

Every Stormking door and window surround has been designed to be easy and quick to install. Our in-house Technical Team has engineered our door and window surrounds with the builder in mind, as they are manufactured with modern lightweight materials and virtually maintenance free. All Stormking's door and window surround products are made to order, using modern manufacturing methods, to meet the customers specification.

Why Stormking?

- Door and Window Surround ranges meet National House Building Council (NHBC) Technical Standards.
- All products are supported and maintained by our in-house design and technical teams.
- All door and window surrounds are manufactured off-site, saving you time onsite.
- Free site delivery.*

All Stormking door and window surrounds have been designed to be easily and quickly installed, compared to traditionally built and installed door and window surround. Stormking door and window surrounds have been engineered for easy handling and one-lift site installation, reducing the need for independent scaffolding requirements. As all Stormking door and window surrounds are manufactured off-site they benefit from a high level of quality and consistency, ensuring every door and window surround is as easy to install as the first one.

All Stormking door and window surrounds are manufactured off-site and made-to-order, delivered when you need them, ensuring no materials are wasted, saving you time onsite.

Door & Window Surrounds Performance Features

Performance features

Stormking's range of door and window surrounds provide the builder an all-in-one solution that cuts costs without compromising quality. Specialist engineering goes into every door and window surrounds, so you can rely on a safe and sound product that still boasts a refined profile.

- ✔ Ideal high strength to weight requirements.
- ✔ GRP is virtually maintenance free, for full lifetime cost savings.

Door & Window Surrounds

Stormking offers GRP design freedom

GRP provides the freedom to design the products you want, knowing that all products are made-to-manufacture and constructed in the UK to your specifications.

Stormking's inhouse Design Team can assist with your project, to allow you to create the building component you need. Our friendly team are on hand to support you with specifying the best product for your development, including helping you to colour match your door or window surrounds.

Select from Georgian and Victorian styles, contemporary and simple designs, ornate and intricate plans all made to meet your specification.

Stormking has invested in the latest GRP moulding technology, combined with our highly skilled staff, allows us to offer dynamic detailing, imitating the surface texture of natural materials, for a realistic finish and look.

Please contact sales@stormking.co.uk for more information on how we can assist you.

Door & Window Surrounds

We are Stormking

Stormking is the leading brand of GRP building components to the house building and construction industry in the UK.

Stormking was founded in 1985 and has worked hard to become and maintain being the market leader through its range of market leading products, all manufactured off-site, to save you time on-site!

Customers can have extra confidence when placing an order with Stormking, being part of Epwin Group PLC, one of the UKs largest manufacturers of extruded building products.

Specifying Stormking products is made easier with the support of our in-house Design and Technical Teams, who can assist with any design related questions or queries. GRP is a modern manufacturing process, supported by state-of-the-art manufacturing and design technologies, providing design freedom to clients and customers.

Stormking incorporates over 500,000 sq ft of modern manufacturing methods, spread over 5 sites, which allows for large-scale manufacturing capacities.

Stormking holds several industry recognised accreditations. As the only GRP manufacturer to hold BBA certificates across its product portfolio, every product line is audited annually, ensuring our customers can be confident of receiving a quality product, every time.
