Roof Accessories Range

Simply the easiest and safest and roof towers to install.

Engineered with the builder in mind

Every Stormking GRP Roof Tower has been designed to be easy and quick to install. Our in-house Technical Team has engineered our roof accessories with the builder in mind, as they are manufactured with modern lightweight materials and virtually maintenance free. All Stormking's roof towers are made to order, using modern manufacturing methods, to meet the customers specification.

Why Stormking?

- Stormking's Roof Tower ranges meet current National House Building Council (NHBC) Technical Standards.
- All products are supported and maintained by our in-house design and technical teams.
- All Stormking's Roof Towers and Finials are manufactured off-site, saving you time onsite.
- Free site delivery.*

All Stormking Roof Tower products have been designed to be easily and quickly installed, compared to traditionally built and installed roof towers. Stormking Roof Towers have been designed for stable onsite handling and ease of installation, reducing the need for independent scaffolding requirements. Our Roof Towers come with metal 'Fleur de Lys' finials as standard.

As all Stormking Roof Towers are manufactured off-site they benefit from a high level of quality and consistency, ensuring every roof tower is as easy to install as the first one. All Stormking Roof Towers are manufactured off-site and made-to-order, delivered when you need them, ensuring no materials are wasted, saving you time onsite.

Stormking offer GRP finials, which are injection moulded with a foam core and available in one standard design in either black or white colour options.

For alternative size options, please contact sales@stormking.co.uk for more information.

Roof Tower Performance Features

Performance features

Stormking's range of roof towers provide the builder an all-in-one solution that cuts costs without compromising quality. Specialist engineering goes into each GRP roof tower. Choose from a large range of decorative styles to suit your development, such as curved, domed/bell, flat and pitched and many options to enhance your roof tower.

- ✔ Manufactured under ISO 9001 and 14001 systems.
- ✔ Large range of design, size and colour options to choose from.
- ✔ Exceptional high strength to weight requirements.
- ✔ Evenly balanced and lightweight to aid installation.
- ✔ No need for specialist lifting equipment.
- ✔ GRP is virtually maintenance free, for full lifetime cost savings.
- ✔ Dry fit, requiring no specialist trades for installation for domestic or commercial projects.
- ✔ Accessible on any pitched roof and ridge or rafter position.

Stormking offers GRP design freedom

GRP provides the freedom to design the products you want, knowing that all products are made-to-manufacture and constructed in the UK to your specifications.

Stormking's Roof Towers list of available options include clock towers, aluminium venting louvres, decorative faces and finishes to realise your design in GRP, helping you to maximise your design freedom.

Stormking's in-house Design Team can assist with your project, to allow you to create the building component you need. Our friendly team are on hand to support you with specifying the best product for your development, including providing advice on colour matching your GRP roof tower or finial.
